Responsibilities would include:

- Diagnosing/recognizing plant health issues
- Daily chemical reporting
- Maintenance/cleaning of application equipment
- Utilizing proper PPE
- Following all labels and laws associated with each application

Looking for someone who is:

- Polite and patient with our clients
- Have a willingness to learn and improve
- Willing to work outside in all weather types
- Able to follow instruction and ask for help when needed
- Willing to work in a physically demanding environment
- Honest, hard working, and does their best for the client

Location:

-Lodi, CA

Minimum Qualifications:

- Valid CA drivers license
- Valid CA DPR Applicators Certificate (category B)
- Experience in the landscape field

Knowledge:

- Spraying equipment operation and calibration
- Plant and weed identification
