**Spray
Technician
Job
Description**

Summary: Landscape Spray Technician at various locations such as residential, commercial and parks.

Duties and Essential Job
Functions:

- . Preferred to have a QAL or QAC issued by the State of

California.

Treat specific insect, weed, turf diseases, and nutritional deficiencies by application of the appropriate product.

- Knowledge of how to operate and maintain spray equipment and keep it safe,

clean and in mechanical working conditions at all times. Discuss with supervisor what is to be done the following day or week. Be able to read and interpret labels on chemicals being applied. Manage inventory and usage of applications, pesticides, herbicides and

fungicides. Use good judgment in the application of chemicals (exposure to the public, weather conditions and other environmental considerations).

- Knowledge of fertilizers, chemicals and plants commonly used in southern California, strong attention to detail, ability to work with little supervision.

Qualifications: To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. Reasonable accommodations may be made to enable individuals with disabilities to perform essential functions of the job.

Special Requirements: May be required to have valid California's Driver's License with driving record acceptable to O'Connell and its insurance providers, including being over the age of 21.

Physical
Requirements:

Sitting, walking, standing, squatting, climbing, kneeling, bending, twisting, stooping, and reaching;

Use of
hands;

- Lifting of weight of up to 50 pounds; . Subject to outdoor conditions

(extreme weather, dust pollen, other allergens);

- Walking on uneven ground;
- Work around gas powered and heavy equipment;
- Exposure to noise;
- Travel in company vehicles.

Are you able to perform the essential job functions of the position for which you are applying either with or without reasonable accommodations?
