

30th Vertebrate Pest Conference, an educational event for discussing and exchanging information on human-wildlife conflicts, will be held 7-10 March 2022 at the Grand Sierra Resort and Casino, Reno, Nevada. Abstracts for presentations should be submitted by 30 November 2021 for full consideration; late abstracts will be considered if space is available. Students are especially encouraged to submit, and may apply for a \$500 travel grant. See <https://ucanr.edu/sites/VPC/> or contact Niamh Quinn (nmquinn@ucanr.edu) for details. At the conference, the Walter E. “Howdy” Howard Lifetime Achievement Award will be presented, and we are now accepting nominations for the award.
