About us

Pest Options is a company dedicated to the safety and integrity of the pest control business. We specialize in several areas and have diverse skills and knowledge. We treat everything from trees, turf, bare ground, landscape, and more. Pest Options values its employees and offers room for growth. We value hard work, a positive attitude, team-oriented individuals, and pride in our work. We are excited to grow our team as we continue to expand.

Job Overview:

We are actively seeking individuals who share these values to join our team. You will perform various activities involving applying chemicals, herbicides, insecticides, etc. to eradicate and control the spread of weeds, diseases, and other pests. Our team has extensive knowledge and experience and will help train you in the best practices and application of materials. If you possess the necessary skills and enjoy working outdoors, we welcome you to apply for the Technician position.
