New Information on DPR's Website!

July 6, 2026

The Department of Pesticide Regulation (DPR) has made important updates to our website regarding the Licensing and Certification program. Visit the [“Renew a License”](#) and [“Continuing Education”](#) (CE) pages on our website to view the latest information and resources available, including:

- 2026 Early Renewal Reminder Poster
- New CE course search function and attendance information
- Tips for CE sponsors and new guidance resources
 - Rounding Guidance for course approval and attendance
 - Audit Guidance for CE courses

For licensing and renewal questions, please email LicenseMail@cdpr.ca.gov.

For CE course sponsor questions, please email CEmail@cdpr.ca.gov.

Questions? Contact Us:

Please contact the Department of Pesticide Regulation's Licensing and Certification Program by emailing LicenseMail@cdpr.ca.gov. For additional information about Licensing and Certification Program please visit **DPR's website**.

Who We Are

The California Department of Pesticide Regulation protects human health and the environment by fostering safer and sustainable pest management practices and operating a robust regulatory system to monitor and manage the sale and use of pesticides across the state. DPR's work includes registering all pesticides sold or used in California, conducting scientific evaluation of pesticides to assess and mitigate potential harm to human health or the environment, investing in innovative research to encourage the development and adoption of integrated pest management tools and practices, monitoring for pesticides in the air and water, conducting outreach to ensure pesticide workers, farmworkers and local communities have access to safety information, and enforcing pesticide regulations in coordination with 55 County Agricultural Commissioners and their 500 field inspectors.
